A Delightful House Party.

The hospitable home of Mr. and Mrs. Balfour Dunn, about six miles from town, was last week, thrown open to their friends, and pleasure reigned supreme.
On Tuesday a "House Party" began which lasted through the week. Among the guests were Messrs. Katherine Smith, of Mississippi, Annie Manning, of Henderson, Minnie, Julia, Lucy and Kate Dunn; Messrs. J. D. Perry, Frank and John Gray, were made to feel at home. The host and hostess, with old time hospitality, not only planned for the enjoyment of the party, but saw that the plans were executed. Every morning and afternoon the carriage, buggies and horses were at the disposal of the guests, who made frequent excursions around the country, and drank of the health-giving waters of the mineral spring, for which Dunn's and the surrounding country is noted.

On Thursday evening the guests were "at home" to their friends in town. Quite a number drove out, and returned by moonlight, among them were Mr. B. Frank Gray with Miss Emma Harrington, of Greenville; Mr. Sam Dunn with Miss Margaret W. Shields; Dr. J. P. Wimberly and Miss Blanche Lawrence; Mr. Julian Timbrell and Miss Sallie Hollowell, of Goldsboro; Mr. Albion Dunn and Miss Ella Whitehead; Messrs. T. B. Wheeler, W. B. Dunn and Frank Godwin, of Williamston.

The evening was one of rare pleasure, and it was with feelings of regret that when twelve o'clock came and the moon appeared to light them on their homeward way. It was also with feelings of regret that the house party came to an end—that good-bye was said to the kind host and hostess, for never was a week more pleasantly spent. It was one of life's bright milestones, and as the years come and go, bringing in turn sorrow and joy, they can bring no brighter or purer joy than that of last week.
A happy peace rests over the country.

With its solitudes and pleasures rare;
"Go to your home." Breathe His child Who even once may find a dwelling there.

Off to Nag's Head.
A jolly crowd of excursionists left Sunday for Nag's Head on the steamer "Helen Belle," which left Palmyra at 10 o'clock a. m.

In the company were Mr. J. P. Friel and daughters, Misses Kate and Jessie; Mr. James M. Tillery and daughters, Misses Pauline and Ruby; Mr. S. W. Morrisette, Misses Maude Edwards and Aletha Marks, Mrs. W. H. White, Messrs. W. E. Whitmore, Sam Hoffman, J. E. Bowers, G. T. Andrews, G. H. Johnson, Hubert McDowell, Bruce Futrell and W. B. Bagley, all from Scotland Neck.

They were joined at Palmyra by Mr. J. F. Johnson and son, Master Percy, Mr. J. W. Leggett and daughter, Miss Jessie, and Miss Sallie Baker.
There were also some persons from Waco in the company and perhaps others from about Palmyra.

P. T. Thomas, Sunterville, Ala., says: "I was suffering from dyspepsia when I commenced taking Kodol Dyspepsia Cure. I took several bottles and can digest anything." Kodol Dyspepsia Cure is the only preparation containing all the natural digestive fluids. It gives weak stomachs entire rest, restoring their natural condition.

MILL CLOSED.—The knitting mill operated here by Messrs. Woodard and Jenkins has closed under some financial embarrassment.

The COMMONWEALTH is under obligation to one of the fair ones of the company for the good report of the "house party" at Mr. Balfour Dunn's last week.

'CROPS NOT SO GOOD IN EDGEcombe.—Mr. R. W. Gardner returned Monday from a few days' visit to Edgecombe and said that crops are not as good as they are in this community.

NEW POSTMASTER AT ESSEX.—News from Washington, D. C., a few days ago said that E. D. Hardy has been appointed postmaster at Essex, Halifax county in the place of N. S. Keane removed.

APPROACHING MARRIAGE.—Invitations have been sent out to the marriage of Miss Lena Andrews to Mr. R. George Shackelford, of Richmond, Va., in Hamilton Baptist church, Wednesday August 20th.

LOST A TOBACCO BARN.—Mr. W. A. Dortch lost a tobacco barn by fire a few nights ago. The man who was watching it had not left the barn more than five minutes before the fire occurred. His loss was about \$200.

HEAVY RAIN.—On Monday night a heavy rain fell in this community, lasting from about 11 o'clock until lay. Prof. L. W. Bagley said the rain fell was 5 1/2 inches. Another fall of 2 inches occurred early this morning.

CROPS BETTER HERE.—Dr. R. M. Johnson returned a few days ago from a trip to Franklin county and he says crops in this county, and especially about Scotland Neck, are much better than those he saw on his trip to Franklin.

CLEAN THE PREMISES.—Nothing is more important than to keep the premises clean. This is the season of the year when fever seems most prevalent, and it is important that the grounds around every house and yard be kept clean.

NUMEROUS ARRESTS.—Officer C. W. Dunn said Monday morning: "I have arrested sixteen persons since Monday morning of last week." When asked about the cause of most of the arrests he said it was for fighting. The arrests were made for offenses that occurred for the most part out of town.

MASTER RICHARD JOSEY HURT.—A few days ago Master Richard Josey, son of Mr. N. B. Josey, was standing in the driveway when the horse became frightened and dashed to run. Richard was thrown out and the wheel ran over him cutting his leg badly. He has been sick with fever since.

NOW DON'T FRET.—If you don't see your name in THE COMMONWEALTH this week don't fret about it (as the manner of some is sometimes), for "Willie" has gone to Richmond to take a little outing this week and no one else in this office takes his place. Somebody will be overlooked this week but Willie'll get you next time.

MORRISSETT BROS. ENLARGING.—Morrisett Brothers are all the while enlarging. They are now making preparation to add a tailoring department to their business. They have built a small gallery at the rear of their main store room and have made a stairway leading to it from the inside. Here they will conduct a first-class tailoring department.

UNSATISFACTORY SCHEDULE.—The change in schedule on the Scotland Neck road is unsatisfactory to the people of the community. There would not be so much objection to the arrival of the train at four p. m. if connection could be made from the main line at Halifax. As it is it takes thirty hours to go to Enfield and back, twenty miles away.

MR. HOFFMAN HAS RENTED.—Mr. M. Hoffman has rented the Dr. Wood home for next year. He will not take possession until the first of January. When Mr. Hoffman sold his handsome residence on the corner of Eleventh and Church streets, there was some fear that he would move away from Scotland Neck, but the fact that he has rented a home for next year indicates that there is no such probability.

In cases of cough or croup give the little one One Minute Cough Cure. Then rest easy and have no fear. The child will be all right in little while. It never fails. Pleasant to take, always safe and sure almost instantaneous effect.

AN AFFRAY AT PALMYRA.—There was an interesting case tried before Justice J. A. Perry here Monday. It was for an affray that occurred some days ago at Palmyra. Those who participated in it and were before the court were Messrs. E. Hyman, W. B. Highsmith and C. L. Turner. The trouble was between Messrs. Hyman and Highsmith primarily and Mr. Turner got into the trouble while trying to restore peace. They were all bound over to court.

LIVELY OPENING.

Nearly Twenty-Five Thousand.

EVERYTHING ENTHUSIASTIC.

Thursday, August 8th, was the opening day for the Scotland Neck tobacco market, and the success of the opening far surpassed the expectations of the most sanguine.

Messrs. Wilkerson & Kitchen had made persistent effort to have a good break at the Banner warehouse, and so had Messrs. Keel & White made effort for a good break at the Star. But the farmers had been so busy rounding up the work of their other crops no one expected to see any large quantity on either floor. When the hour for opening the sales arrived, however, both floors were well covered, the quantity being pretty evenly divided between the two houses.

The sales looked up in the neighborhood of twenty five thousand pounds, and the prices were satisfactory to all. Prices ranged much better than a year ago for the same grade of tobacco.

Mr. J. B. Burroughs, of Martin county, had some tobacco on the floor of the Banner that brought 40 cents the pound.

All told it was an enthusiastic day with those who bought and those who sold as well as with all who felt interested in the tobacco market here.

Besides the home buyers, Messrs. J. S. Jenkins and O. C. Pleasants and the warehousemen, there were several visitors from other markets: Messrs. G. W. Knott and A. Beasley were here from Kinston; Mr. O. T. Carver from Rocky Mount; Messrs. A. M. Perry, J. C. Jordan, Ernest Forbes and Frank Bernard from Greenville.

This was the fourth opening and the most enthusiastic in the history of the market, except perhaps the first one three years ago.

The prospects for the Scotland Neck market for this season are good, and the enthusiasm that prevails among the warehousemen here is a good guarantee to the farmers that they will do as well here as at any other market in Eastern Carolina.

THE COMMONWEALTH without disparagement to any others connected with the market can say that Mr. O. C. Wilkerson, one of the proprietors of the Banner warehouse, has made a most favorable impression on the community. The farmers already like him well and his pleasant address is making friends for the market on all sides. Also Mr. Pleasants, the new buyer, has made a good impression.

We mention these gentlemen particularly because they have come as strangers to Scotland Neck people. Those who have been with the market two or three years are already a part of the community and need no commendation by THE COMMONWEALTH.

What most people want is something mild and gentle, when in need of a physic. Chamberlain's Stomach and Liver Tablets fill the bill to a dot. They are easy to take and pleasant in effect. For sale by E. T. Whitehead & Co.

We call attention to the advertisement of the University College of Medicine, Richmond, Va., which may be found in this issue, and to the contents of the same.
